DENVER MOB IS CHECKED BY BULLETS

POST BUILDING IS WRECKED AS FLAG FLIES FROM TOP; TWO SHOT DOWN

Street Car Men and Sympathizers Stage a Night of Terror.
STRIKE BREAKERS THE CAUSE OF RIOTING
Attempt Made to Storm Car Barn, But Failed When Pistols Spoke.

(International News Service)
DENVER, Col., August 6.—After a night of rioting in which two men were killed, scores injured and the Denver Post partly demolished, local authorities obtained control of the disorders growing out of the street car strike here at an early hour today. State troops may be called out today to take control of the situation.

Denver was under mob rule the greater part of the night. Two men have been killed, two probably fatally wounded and scores were injured in the hours of rioting. Among the injured was Chief of Police Armstrong. Hundreds of shots were fired. The trouble had been brewing since the street car strike Sunday and came to a head last night when strike-breakers attempted to operate the cars. The cars were stoned and strike-breakers dragged from their places and beaten. The crowds grew, and a section of it moved on the Denver Post building. The strikers claim that the Post was against them. A number of stones were hurled through the windows. Employees of the paper ran up an American flag, causing a few minutes' cessation of the fusillade. It was only a momentary halt, for the crowd, urged by the rougher element, surged forward, broke down the doors and proceeded to wreck the building from the inside. All the furniture in the office was wrecked, weights and heavy missiles were thrown into the linotype machines and a fire started under the press. A quantity of print paper was destroyed.

Towards midnight a mob of 1,500 marched on the barns, where 150 strike breakers were located, all heavily armed. When the crowd opened with a fusillade of rocks, the strike-breakers fired two volleys into the mob which hastily retreated leaving two dead and many injured in the streets.

A proclamation calling for 2,000 citizens to volunteer as special officers was spread broadcast throughout the city today.

C. of C. Directors Will Meet Tonight

The officers and directors of the Albany Chamber of Commerce have been called to meet tonight in the rooms of the chamber at 7:30 o'clock. The call is issued by Vice-President Tidwell, and he urges every member of the board to be present as many important matters are to be passed on. After this meeting the officers and directors will meet with the booster trip committees which meet at 8:00 o'clock.

Stocks Rise on Rumors of a Russ Armistice

NEW YORK, Aug. 6.—Reports in circulation in Wall street that an armistice had been signed between the Poles and Russians caused sharp rallies on the stock market today, many rising from 2 to 5 points.

Coppage Purchases the McGehee Home

The attractive home of D. D. McGehee, prominent Decatur furniture dealer, has been purchased by W. H. Coppage, it was announced today. The home is on LaPayette street adjoining the First Methodist church property. The sale was made through Thomas E. Price. The consideration was not announced.

COX MAY LEND A HAND IN TENNESSEE

Democratic Candidate Will Visit Nashville if He Can Aid Women.

(International News Service)
DAYTON, August 6.—Governor James M. Cox, democratic nominee, awaited today with keen interest official reports from the state-wide primaries in Tennessee upon which the immediate fate of the woman's suffrage amendment may depend. Thirteen vacancies in the Tennessee legislature are to be filled and according to Mrs. Abby Scott Baker election of that number of suffrage-adherents would insure ratification.

The latest poll, Mrs. Baker told Gov. Cox, shows: Senate, for ratification, 15; Necessary to ratify, 17; House, for ratification, 40; necessary to ratify, 50. Of those pledged Mrs. Baker classifies two senators and two representatives as "wobbly."

Mrs. Baker declared that she believed Governor Cox would personally go to Tennessee if he thought it would bring success. "The difference between Governor Cox and Senator Harding," said Mrs. Baker, "is that Governor Cox asked action while Senator Harding asked advice."

SHOLL RETURNS FROM MONTREAL

PRESBYTERIAN PASTOR ENJOYED VISIT TO RELIGIOUS SUMMER SCHOOL MUCH

Rev. W. N. Sholl, Pastor of the First Presbyterian church of Decatur, has returned from an extended visit to Montreal, N. C., the summer school of the Southern Presbyterians.

Rev. Sholl said that the crowds interested in the religious work were so large that they had to be turned away, both from the church work classes and also the Sunday School institutes.

"We had a busy time at Montreal," said Mr. Sholl, "but I enjoyed every minute of the time. When we were out of our classes, we would go on long walks over the Blue Ridge Mountains, which surround Montreal. I went on top of 'Grey Beard', over 6,500 feet high, and the second highest peak east of the Rockies. Some of the preachers walked to the top of Mount Mitchell, the highest peak in the system which is eighteen miles from the school. They would walk to the mountain one day, spend the night there and then walk back."

"Rev. John McNeal, now of Birmingham, but who is soon to go to The Fort Washington Church in New York, preached regularly at the church conferences, and fully sustained his reputation as one of the world's greatest preachers. In the Sunday school classes much attention was given to the problem of the 'boy'. We were advised to make a 'brother' of the boy as much as possible."

FOUR AUTO ACCIDENTS WITHIN 48 HOURS IS THE LOCAL RECORD

George Holland and Earl Huller Slightly Injured in Last Night's Wreck.

Four automobile accidents in the past forty eight hours is the local record. The most serious occurred last night on Lee street when George Holland and Earl Huller were slightly injured in the collision of a Hupmobile, driven by Corbin Clemons and a Mitchell driven by George Holland. Holland is said to have been going toward Decatur, while Clemons was headed toward Albany.

Holland's left leg was slightly injured, while Huller is said to have been pitched from the rear seat to the front seat, his head striking some object which inflicted a painful scalp wound. None of the other occupants were hurt. Both automobiles were badly damaged.

Adventurers, Aged 13, Are Held by Decatur Police

Two youthful adventurers, aged 13 years, are held by the Decatur police this afternoon pending a complete investigation. They were arrested this morning and claim to have come here from Roanoke, Virginia, where they worked in a shoe store. Both are clad in khaki overalls. The police believe they are run-aways and think their real names were not given. Efforts will be made to ascertain whether or not their parents do not reside near here.

GEORGE'S PLACE OPENS SATURDAY

FREE DRINKS WILL BE SERVED FROM 9 TO 11 O'CLOCK, A. M.

"George's Place", combined candy kitchen, fruit stand and cafe, will have its formal opening Saturday morning, August 7. From the hours of 9 to 11, a. m., free cold drinks will be served to those who are present.

The new enterprise is located in the old Johnson building, which was bought some time ago by Dr. F. P. Pettey, and which has been re-modeled and improved. The front has been made much more attractive than formerly. "George's Place" is attractively furnished, and is expected to make a pleasing impression on those who attend the opening.

SILENCE IS GOLDEN IF YOU'RE IN GUAM

(International News Service)
SAN FRANCISCO, August 6.—Silence is golden, especially if you are in Guam.

For Guam is ruled by Captain W. W. Gilmer, U. S. N., who has all the patent silencers beaten to a frazzle.

As Naval Governor Captain Gilmer reigns supreme in the pretty little city of Agana, and here is Naval Governor Gilmer's latest broadside in the interest of silence—perfect silence:

"The practice of whistling is an entirely unnecessary and irritating noise which must be discontinued. It is, therefore, ordered and decreed that no person shall whistle within the city limits of the city of Agana."

"The penalty for a violation of this order shall be an executive fine not to exceed \$5.00."

"W. W. GILMER,
"Captain U. S. N."

So the Jackies who visit Guam occasionally take a walk beyond the city limits, whistle a tune and come back cheered up by the sound of noisy revelry.

FOR SECOND TIME JURY IS UNABLE TO REACH AGREEMENT IN THE NAMIE CASE

Jurors Report Themselves Hopelessly Deadlocked and Discharged by Court.

EFFORT TO COMPROMISE PROVES FUTILE, IS SAID

Case Now Reverts to Original Standing in the Circuit Court.

For the second time a jury was unable to agree in Circuit court on the guilt of Charlie Namie, charged with the murder of Ed Clark, a negro. The jury in Namie's second trial reported at 8 o'clock last night that it was hopelessly deadlocked and was ordered discharged by Judge O. Kyle. The second trial was started Tuesday, with a venire of 80 special jurors summoned. The evidence was concluded late Wednesday and the arguments of attorneys begun. Solicitor D. C. Almon summed up the state's case Thursday morning and Judge Kyle gave the case to the jury shortly before noon.

It was stated today the jury stood 4 for acquittal and 8 for conviction on a charge of manslaughter. Efforts to compromise on second degree manslaughter were made, it was said, but were of no avail.

Namie is at liberty under a \$10,000 bond.

Action of the jury reverts the Namie case to its original standing in the Circuit court and before he can be tried again he must be arraigned and a special jury called. Namie is still charged with murder in the first degree.

ROBERTS WINS BY MAJORITY 25,000

(International News Service)
NASHVILLE, August 6.—Incomplete returns today from Thursday's state-wide primary indicate that Governor A. H. Roberts was re-nominated by the democrats, winning by a plurality estimated by his friends to be 25,000. The winner of the republican gubernatorial nomination, appears to be Alfred A. Taylor, 75, brother of the late U. S. Senator Robert L. Taylor, who defeated him for governor 34 years ago.

DAILY WILL PRINT THE SCHOOL FORMS

BID OF TENNESSEE VALLEY PRINTING COMPANY LOWEST, COWART ADVISES

The Daily will print the forms for Albany schools for the 1920-21 term. Prof. R. W. Cowart, superintendent of the local schools today advised The Tennessee Valley Printing company, publishers of The Daily, that the company's bid had been accepted as the lowest.

His letter follows:
August 5, 1920.
Albany-Decatur Daily,
Albany, Ala.
Gentlemen:

Your bid for printing forms, as specified, for the Albany Public Schools, being the lower bid, has been accepted. You are, therefore, awarded the contract for this printing.

The bids are on file, for your inspection, in the office of the Superintendent of Schools.

Yours very truly,
R. W. Cowart,
Superintendent.

ITALIAN RESIDENTS BEATEN AND HOMES BURNED AT MARION, ILL.

Five Persons Killed in Rioting and a Score Injured. Troops Called Out.

(International News Service)
MOUNT VERNON, Ill., Aug. 6.—Eight persons were killed and the little Italian settlement of New Mexico, adjacent to West Frankfort, was wiped out by flames in the reign of terror last night, according to information reaching here today.

(International News Service)
SPRINGFIELD, Ill., Aug. 6.—Rioting broke out afresh here this afternoon when a mob attacked the troops.

MR. AND MRS. EDGAR FENNEL ENTERTAIN WITH A BARBECUE

Mr. and Mrs. Edgar Fennell are entertaining today a number of friends at their home on the Somerville road. Guests to the number of fifty or over have enjoyed an outing and "good time" forty that will long linger in memory of the favored ones who guests of the occasion. Every year the genial host and hostess gotten their friends armed them to enjoy the annual barbecue and nothing is left undone by Mr. and Mrs. Fennell to have their guests made comfortable and happy.

HOUSE COMMONS IN BIG UPROAR

(International News Service)
LONDON, August 6.—Uproar broke out in the house of commons this afternoon when Joseph DeValin, Irish nationalist member, openly accused Premier Lloyd George of concealing war against Russia. In the uproar the speaker suspended the house. In his fury DeValin declared, "I despise the house of commons."

Booster Committees to Meet Tonight

The various committees for the booster trip have been called to meet in the auditorium of the Albany Chamber of Commerce tonight at 8 o'clock, at which time it is hoped to perfect all plans for the trip. Chairman Payne urges every member of the committees to be present as it is only a short time until the trip and many important matters will come up tonight.

The chairman of the transportation committee again urges every business man to sign their name for the use of their car on this trip. Many cars have already been secured but many more are needed.

WHY BOARD THE RAT?

(By Dr. B. F. Austin, County Health officer).
Rat is branded as a destructive, disease-bearing pest with no traits to be admired.

The Public Health Service says, "Of all the parasites that have their being in and around the habitations of man, the rat has less to justify its existence than any other. As devoid of any redeeming traits as the fly, the rat is a greater pest, because of its depredations and its possibilities for harm in the transmission and perpetuation of bubonic plague in a community."

The latter consideration is of more considerable import in seaport towns, and in those localities where the plague has once appeared, but with the world wide march of bubonic plague, in no city should its advent be considered as improbable.

The fact that Albany and Decatur are situated on a navigable river, and several trains from seaport towns pass through these towns daily, makes it all the more imperative that we eliminate the rat because of his disease carrying traits. And since cases of bubonic plague have been discovered in these seaport towns, we should be more "on our guard", than ever before.

FALL OF WARSAW HOURLY EXPECTED; RED CAVALRY IS NEARING THE CITY

Counter-Offensive of Poles Has Failed to Check Advance of Russ.

Charge de Affaires White Authorized to Leave Doomed City at Any Time.

LONDON, August 6.—A complete new peace conference, as comprehensive as that which met in Paris, is proposed by the Soviet government in its new note to Great Britain. Acceptance of the conditions of the note would unquestionably cause all of the allied nations to meet again in conference and would result in revision of the Versailles treaty.

(International News Service)
BERLIN, Aug. 6.—The Russians have broken the Polish front between Ostroleka and Pultusk, and red cavalry is now approaching Warsaw, said a dispatch received here. The unconfirmed dispatch said the Russians might reach Warsaw today or tomorrow.

PRISONERS TAKEN

(International News Service)
LONDON, Aug. 6.—40,000 prisoners have been captured by Gen. Wrangell's anti-Bolshevik army on the Crimean front, said a news agency dispatch from Constantinople.

The Russians were thrown back across the Serrah river.

The new Polish army in the field is waging a successful counter-offensive at the junction of the Bug and Narew rivers.

The German government has reiterated its policy of neutrality and will not allow the allies to send troops over German soil to Poland. The new declaration of Dr. Von Simons, foreign secretary to this effect resulted from reports that the French were sending troops through the Strassbourg and Belfort sectors. Dr. Simons threatened the disarmament of the French troops if they "violated German neutrality."

YANKS WON'T FIGHT

(International News Service)
WASHINGTON, Aug. 6.—There is little likelihood of American troops being used in Poland in an attempt to stay the Russian advance, not even the troops already in Europe, according to official belief here today.

News of the fall of Warsaw is expected hourly, and it may be that the American legation has already left the Polish capital, as Secretary of State Colby cabled John C. White, charge d'affaires, to leave when he considers the danger imminent. Foreign diplomats here are in constant communication with the state department, and instructions have gone out from Washington calling upon all the European embassies to keep this government informed of all phases of the crisis. Officials generally discredit the idea of the United States joining the allies with arms or men for use in Poland. The administration, however, is watching the situation closely.

NEWS IS GRAVE

(International News Service)
WARSAW, Aug. 6.—via London, Aug. 6.—Grave news came through from the front today, reporting the exodus of fugitives. Every train leaving this city for the west, is crammed to the roof. 50,000 persons have left within the past 24 hours. Allied military observers fear that the fate of Poland will be sealed within the next few days. The city is quiet but is being patrolled by troops. A number of Bolshevik propagandists have been arrested.

THE CRIME OF BOLSHIEVISM COMMITTED IN THE NAME OF LIBERTY

Still another crime must be added to the long list that have been committed in the name of liberty—Bolshevism. According to all sources of information, including the returned travelers from Russia, Bolshevism is by all odds the worst form of government that has ever appeared on earth. Under the soviet system all the past accomplishments of the Russian people are swept away. The destructive arrow of never ending conflict flies by day and the pestilence of disease wasteth at noon day. Murder and rapine are of such common occurrence in Russia as to excite little or no comment. Under Bolshevism physical suffering and mental anguish for three long years have been beyond human imagination. But still the bolshevist armies fight with fury and determination. The people back of this army are bearing their part with a fortitude and patience that demands some explanation.

For a time it appeared that the whole Russian nation had gone stark mad. In fact, this was the view

taken officially by some of the allied nations, which proposed to confine the madness with what was termed in diplomatic language "a cordon of sanity." The Russians have certainly had enough to contend with for 400 years to make them insane. With the fall of the Czar's government a giant nation of 180 million souls emerged from a slavery, beside which African slavery, as this nation practiced it, was a mild form of freedom. The many were very ignorant, without national traditions, or training in national government. So such a mass was the easy prey of fanatics and demagogues. In the name of freedom, self appointed leaders taught the people that the White armies that stood for democracy were in reality for a return of Czarism. It is easy to understand that the people were willing to stand for anything rather than for a possible return of the Czars. Their fear of a return of autocracy made them unreasonable and unteachable as regards the necessity of some government. They conceived the idea that the soviets would give them the largest possible measure of freedom, and so they put everything to one side—religious restraint, moral and legal obligations—and worked without conscience for the success of the Lenin-Frotsky government.

When the great nations of Europe would have guaranteed in good faith the freedom of Russia, Lenin and his followers were shrewd enough to refuse outside help, knowing that the people could be more easily handled if they were taught that the world was meddling with Russian internal affairs with no good intent. As the nations were never able to convince Russia to the contrary, the sentiment grew in Russia that the price of freedom was the acceptance of the dictatorship of the Bolsheviki. In other words, Bolshevism has thrived on the foreign activities which that doctrine aroused. It was taught that to oppose whatever the foreign governments proposed was true patriotism and that if those governments opposed bolshevism, then bolshevism was the very best thing. Thus a more hateful and degrading scheme of government became the sponsor of liberty in Russia, and for liberty's sake the Russians have endured the horrors of the Bolsheviki.

"Babe" Ruth hasn't got a thing on the Polish army when it comes to home runs. Candidate Harding clamors for "peace at home." He presumes that the voter is a weak-minded person who can't realize that peace in Europe is the most effective means of obtaining permanent peace in America. Senator Gore is said to have been beaten because of his failure to live up to his name. He was too much of a pacifist.

It is interesting to note that Gronna, one of the "wilful senators", also got his. Agricultural note: Albany's weed seed crop will be large.

Editor Doty contends that the "Tuscaloosa News is, even now, a bigger and better newspaper than Candidate Harding's Morning Star". He might add that the Dayton News also has the Star in eclipse.

The public will pay the increased freight after August 26.

"Jimmy" Cox is to address the throngs tomorrow through an "amplifier". It's on the front page, though, that he will make the biggest noise.

DIPLOMATIC EXCHANGES

(International News Service.)
LONDON, August 6.—Active diplomatic exchanges were proceeding between London and Paris today over the next allied move to check the Russians and prevent the spread of warfare in Europe, following the receipt of the soviet government's unsatisfactory reply to the British note of Tuesday.

Orders have been given to the British navy to re-impose a drastic blockade on Russia, according to the Chronicle.

The Russian drive on Warsaw has slowed down, according to advices from Warsaw.

CONFERS WITH WILSON

(International News Service.)

WASHINGTON, August 6.—Secretary of State Colby, accompanied by Under Secretary of State Davis, went to the white house shortly before noon today and remained nearly an hour in conference with the President. They refused to make any statement when they emerged.

VON SIMONS TALKS

(International News Service.)

BERLIN, Aug. 6.—It is authoritatively reported that the French general staff has completed plans for the forcible occupation of the Siberian railroad for the transportation of troops to Poland. Officials declared that such an act will constitute a breach of the peace treaty and will be tantamount to a new declaration of

war against Germany.

Dr. Von Simons, speaking before the national assembly this afternoon, said: "Germany will endeavor to maintain neutrality whether pressure comes from the east or west. The

situation is very serious in view of unconfirmed reports that England will go to war. If Germany permits her neutrality to be infringed upon she will have first a civil war and then a renewal of the European war."

Motorman Not Losing Any Time

"I don't think anyone ever suffered more from stomach trouble and bloating than I have. I had to lay off my run more than half the time and could get no help from prescriptions or medicine. One of my friends advised using Mayr's Wonderful Remedy, which I found to be the greatest remedy ever put on the earth. I have not lost a day since taking it. It is worth its weight in gold." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. *"Felt Like Eating"**Ma and Wife, All Run-Down from Farm Work,
Were Greatly Helped by Ziron.*

MY WIFE and I, after a hard spring on the farm, were tired and run-down," says Mr. B. Mulkey, of Route 1, Acworth, Ga. "We neither felt well. I knew my wife was bad, as I had little boils on the back of my neck.

"We felt we needed a builder. We had heard of Ziron—and thought it must be what we needed. It certainly was. We took it faithfully, and after a week or such a matter we began to feel better. My wife felt like cooking,

and I sure felt like eating.

"Ziron sure did us good. It made us both feel stronger and better for the fall work, which everyone knows is 'some work' on a farm. My boils began to dry up, though just at first they seemed worse.

"We are much better and can highly recommend Ziron, and gladly do so for it sure did us good."

Ziron is a safe, reliable, tonic medicine, good for men, women and children, when an iron tonic is indicated. It is easy to take and contains no habit-forming drugs.

WITH LYTELL, COMING

"The right of way" in motion picture form, an adaptation of the famous novel by Sir Gilbert Parker, in which Screen Classics, Inc., presents the magnetic and versatile star, Bert Lytell, will be shown at the Princess Theatre, Monday.

As those who have read the book—and it is estimated by Harper & Bros., the publishers, that they number well into six figures—will recall, this is a stirring, picturesque and unusual story of Canadian life in Montreal and again on the fringe of the north woods. The action revolves chiefly about the character of Charley Steele, called, for his dash and manner by his friends and enemies, both of which were numerous, "Beauty" Steele. The famous courtroom scene in which, after clearing a man of the charge of murder, Steele snaps at him, "Out of my sight—you're as guilty as hell!" opens the drama; and this same striking unexpectedness, this suddenness and almost stunning surprise is repeated in the various incidents which go to make up the novel which won for Gilbert Parker the title Sir Gilbert Parker.

The production has been done with all the finish characteristic of Screen Classics, Inc., pictures.

WORK FOR PEACE

(International News Service)

LONDON, August 6. — Vigorous measures are being taken to prevent allied Europe from being drawn into a new war. Premier Lloyd George is expected to announce in the house on Monday acceptance of the conditions laid down by the soviet government in its note of Thursday and that the proposed general peace conference will be held in London, as planned.

**MOTOR CAR IS
NOT A LUXURY**

"I have always been curious to know just how many persons in Albany and Decatur use their automobiles solely for pleasure or even primarily for pleasure," Frank S. Harris remarked the other day when he heard someone comment on the growing number of "plasure cars" on the streets.

Mr. Harris, who is the Dodge Brothers dealer in this city, said it seemed preposterous to him that people should continue referring to passenger cars as "pleasure cars" when the main streets are so choked with automobile traffic during business hours.

"Certainly they do not imagine that all these people driving cars through the noon and evening rush hours in the down-town section are out for joy rides," he said. "Nor can they find one out of a hundred cars anywhere, any time of the day, that are traveling about aimlessly, with no object or destination. In the evening, it is true, hundreds of persons take their cars out for recreation drives, but this is incidental to the car's chief purpose in life. During the day it is in business. Even the fine limousines occupied by ladies and driven by liveried chauffeurs have their business missions. In fact, these people depend on the motor car exclusively as a means of transportation.

"Even newspaper editors sometimes thoughtlessly write articles about the great sums of money being invested in motor cars, 'to satisfy the American craving for pleasure.' Such editors usually admit on analyzing the conditions that have created the tremendous market for automobiles, that they had the wrong viewpoint, and are glad to state the other side of the question. It is the realization that it is the best possible means of local transportation; the best time-saver; the best conservator of health. Why should people who have the means to buy an automobile continue to subject themselves to the inconvenience of the street car, or to the costly delays of the horse and wagon? To cling to the slow, old-fashioned method would not be characteristic of the American's determination to progress.

"A newspaper in a prominent western city not long ago published an editorial speaking rather disparagingly of this 'modern tendency to rush to the motor car market, money or no money, and somehow, get possession of a pleasure car.' The Dodge Brothers dealer in that city promptly took exception to the article. He looked up his records, just to verify his own opinion and found that out of 13 cars he had delivered during the preceding month, 11 were bought for business purposes and two for business and recreation. All but two were passenger cars. Eighty per cent were paid for in cash. He wrote a letter to the editor, giving him the figures and adding some comments of his own. The editor promptly responded with another editorial presenting the subject in a new phase. He made all the points the dealer had made and added some of his own, showing that the motor car is bought and used primarily for business purposes and that the recreational thought is almost invariably secondary in the mind of the purchaser.

"So it is that the misnomer 'pleasure car' continues to exist. People do not stop to think and analyze. But when they do, they quickly realize where they were wrong, just as this editor told the dealer in a letter.

"The motor car is a public necessity and will continue to be a necessity just as long as stores and offices are open, and new buildings are erected and men to work."—Advertisement.

August Mark Down Of Merchandise

The Premier Value-Giving Event of Mid-Summer, Offering Thousands of Dollars Worth of Specially Purchased Merchandise at Amazingly Low Prices!

NOTICE

We urge you to shop early in the day. Best selections await those who act promptly. Remember there are scores of other specials not mentioned here.

During the past few weeks our buying organization (Anderson, Dulin, Varnell Co., Knoxville, Tenn.) has been busy collecting the merchandise for this sale. Manufacturers and wholesalers are now "unloading" the balance of Summer stocks and we are quick to take advantage of every opportunity to buy really good goods at less than regular prices. Their buyers have made "hurry-up" trips to New York, Chicago, Cleveland, in order to be "on the ground" for certain Special Sales, and the results of these trips were very satisfactory.

To broaden the assortments—to be certain that this sale offered something for everyone, we have drawn upon our regular stocks to supply many specials in addition to the specially purchased goods. We have not merely taken the odd lots and undesirable things, but have put new marks upon many of the best and most desirable things in our store—lower marks that mean splendid savings on the very things needed for immediate use.
